Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis(catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such [illegible] each eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., [illegible] Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Strike Said to be Inevitable.

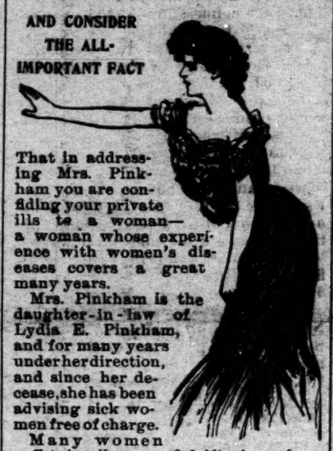
That the convention will declare a strike throughout the hard-coal fields was the opinion in Scranton, Pa., last night of everyone in touch with the situation. It seems that there is no way out of a strike unless the mine-workers back down, and all of the delegates who are pouring into town are very far from favoring anthing closely approaching a backdown. Yesterday afternoon Mitchell met with the members of the joint scale committee and presented for their consideration a copy of the committee report which he had been preparing for some days. The meeting was largely formal, though it lasted for three hours. The report was approved in its intirety. The members of the joint scale committee were outspoken last night in favoring a strike. They say that there is no other course left open to the organization now that the operators have given their ultimatum. They report a marked change of sentiment throughout the entire region during the past few days, and particularly since the clash between the State constabulary and the mineworkers at Mount Carmel on Monday. Strike talk is in the air on all sides.

Anticipating the convention of miners which met at Scranton, Pa., today, the anthracite coal operators have issued a statement outlining their view of the negotiations in the anthracite field up to date. The object of the statement, according to its introductory paragraph, is "to prevent misunderstanding of the situation which has led to the convention of miners at Scranton." It declares that in the summer of 1905 the leaders of the United Mineworkers found their organization rapidly dwindling; that having obtained a large wage increase as a result of the arbitration award of the commission appointed by President Roosevelt in 1902, the men apparently saw no reason to continue to pay union dues. It adds that on June 1 last the total union membership was 38,810 out of some 170,000 employes. President Mitchell's tour of the districts, which, the statement says, resulted in increasing the union membership to 80,487, is reviewed, and portions of some of the miners' leader's addresses are quoted. "Backed by the result of this campaign," the statement continues, "and disregarding the fact that the anthracite commission had settled the fundamental principles which should govern the relations between the operators and their employes, the miners' representatives came forward on March 1st with an extraordinary list of new demands. The operators took the position which they have consistently maintained since, that on all questions which had been definitely settled by the coal commission its findings should be continued." Then, the statement declares, there began the playing of one industry against another. Mr. Mitchell went to Indianapolis and with the suggestion that a strike might be called in the anthracite fields demanded a large wage increase from the bituminous operators. The statement concludes: "Failing with the bituminous operators Mr. Mitchell now made a further effort to obtain his wants from the anthracite operators. His last demand was for a limited wage increase. This is precisely the question which the operators proposed to arbitrate. But the fear that a fair arbitration might not repay the men the union dues which they were so urgently impressed to pay, in order to 'get more,' apparently prevents arbitration. The situation now before the people is a most serious one. Every claim of the miners was duly considered by the coal commission appointed by President Roosevelt. The position of the operators in 1906 is precisely in accord with the letter and spirit of the commission's findings. That commission was universally recognized as able and impartial. President Roosevelt, in appointing its members, specifically instructed them to 'endeavor to establish the relations between the employers and the wage-workers in the anthracite fields on a just and permanent basis.' The operators accept the commission's decision as having permanent effect, except in so far as subsequent events have possibly modified actual conditions. These possibilities the operators agreed to submit to the same impartial tribunal."

Governor Pennypacker, of Pennsylvania, yesterday issued a proclamation in reference to the industrial disturbances in Pennsylvania, in which he calls upon all citizens to assist in the maintenance of the law and declares that violence will not be tolerated. The governor, in his proclamation, calls upon "all citizens by their conduct, example and utterances, whether printed or verbal, to assist in the maintenance of the law." Continuing, the proclamation says: "Times of commotion furnish the test of capacity of the people for self-government. Every man is entitled to labor and get for his labor the highest compensation he can lawfully secure. There is no law to compel him to labor unless he so chooses, and he may cease to labor whenever he considers it to be to his interest so to cease. The laboring man, out of whose efforts wealth arises, has the sympathy of all disinterested people in his lawful struggles to secure a larger proportion of the profit which results from his labor. What he earns belongs to him and if he invests his earnings the law protects his property just as the rights of proprty of all men must be protected. He has no right to interfere with another man who may want to labor. "Violence has no place among us and will not be tolerated. Let all men in quiet and soberness keep the peace and attend to their affairs with the knowledge that it is the purpose of the commonwealth to see that the principles herein outlined are enforced."

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT



That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

A good complexion is impossible with the stomach out of order. If pasty sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexion. KODOL FOR DYSPEPSIA will digest what you eat and put your stomach back right in shape to do its own work. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc. Sold by W. F. Creighton & Co., 401 King St.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackets, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefitted by their use. They only cost a quarter. For sale by Gibson & Timberman and W. F. Creighton & Co.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflammation and goes straight to the root of the disease. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, MAY 3, 1906.

SOME PEOPLE in the northern portion of the United States are gradually realizing the truth of what was apparent to residents of the southern country forty years ago. Charles Francis Adams in an article in the Century Magazine of a recent date says:

Looking about me among Africans in Africa—far removed from the American environment to which I have been accustomed—the scales fell from my eyes. I found myself most impressed by a realizing sense of the appalling amount of error and cant in which we of the United States have indulged on this topic [the African in America]. We have actually wallowed in a bog of self-sufficient ignorance—especially we philanthropists and theorists of New England. We do so still. Having eyes we do not see. Even now we not infrequently hear the successor to the abolitionist and humanitarian of the ante-civil war period—the "Uncle Tom" period—announce that the difference between the white man and the black man is much less considerable than is ordinarily supposed, and that the only real obstacle in the negro's way is that "he has never been given a chance." For myself, after visiting the black man in his own house, I come back with a decided impression that this is the sheerest of delusions, due to pure ignorance of rudimentary facts; yet built upon it in reconstruction days as upon a foundation stone—a self evident truth! Meanwhile one thing is clear: The work done by those who were in political control at the close of our civil war was the work done in utter ignorance of ethnological law and total disregard of unalterable fact. Starting the movement wrong, it will yet be productive of incalculable injury to us. The negro after emancipation should have been dealt with not as a political equal, much less forced into a position of superiority; he should have been treated as a ward and dependent—firmly, but in a spirit of kindness and absolute justice. Practically impossible as a policy then, this is much less so now. At best it is something which can only be slowly and tentatively approximated.

THE kissing charge failed to defeat Governor Hoch yesterday in the Kansas republican State convention and not only was he renominated but his faction named every man on the ticket. The wife of the former governor had charged him with hugging and kissing her but a little thing like that had no effect on the Kansans. The convention was not without its exciting features, for Chairman Stubbs in calling the convention to order said: "We know that the greatest robber in this country today is the great steel trust, made possible by an unreasonable protective tariff. I believe that reasonable and conservative resolutions should be passed along this line." The platform, however, failed to take his view of the question, simply saying of the republican party: "The wisdom of its financial policy so fiercely antagonized is now universally conceded, while its protective policy provokes controversy only between revisionists and 'stand patters.'"

THE SOUTH is coming to her own again and cotton is still king. In the House of Representatives yesterday during the discussion of the agricultural appropriation bill, which was later passed, Mr. Bartlett, of Georgia, called attention to the wonderful effect the export of the cotton crop of the South had on producing the general prosperity of the entire country, and showed from statistics that while the United States had exported in 1905 over $400,000,000 more than had been imported, of this sum the cotton of the South amounted to $380,000,000. From which he made the deduction that the general prosperity of the country was due more largely to the cotton crop than to any other commodity. He showed that the value of the cotton crop of the South for the past five years exceeded by nearly $400,000,000 the entire production of gold and silver in the world during that time.

To man the new American navy an increase of nearly double the present force of enlisted men will be required, according to the report on the naval appropriation bill, submitted to the House Saturday. Under the present law the enlisted force allowed is 37,000. When the ships now under construction shall have been placed in commission, by January 1, 1908, the total force of men required, the report says, will be 59,874. The government has great difficulty in maintaining the naval force required to man the ships now in service; what it will do for men for the new ships is a conundrum.

THE hotels of New York were closed to Maxim Gorky and now he cannot secure a public hall in Boston, in which to make his socialistic speeches. Gorky should return to Russia, and the sooner the better.

The House, after the flurry and excitement which attended its deliberations during the last two days, became a thorough business body yesterday, completing the agricultural appropriation bill and passed the Military Academy bill. The agricultural appropriation bill as it passed the House carries $7,481,440. The Military Academy bill carries $1,663,115.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 3

Without adopting a single resolution outlining any course of action or any policy, the conference of cotton growers and manufacturers became a thing of the past last night. Today many of the delegates are sightseeing in the city. An attempt was made during the conference to secure the passage of a resolution urging the government to do away with crop condition reports by the Agriculture Department. A long discussion followed but all motions in regard to the subject were laid on the table. Mr. MacCall told the conference before adjourning that the informal interviews in the lobbies of the hotels had been almost as beneficial as the sessions. The manufacturers now better understand the conditions of the southern farmer, and, he believed that the farmers now better understand what the manufacturer wants and when he wants it.

Venezuela's relations with her neighboring republic of Colombia continue strained in the extreme, and diplomats in Washington are curious to know the next development of the quarrel. Since Venezuela as represented by the Castro government recently refused to receive a Columbian plenipotentiary to discuss the affair it seems taken out of diplomatic channels. Miner clashes have been occurring, it is understood, on the frontier between the two countries for months.

Why should the Cincinnati Gas and Electric Company get its coal at a lower rate than any other consumer in that city was a question that the Interstate Commerce Commission today asked F. M Whittaker, freight traffic manager of the Chesapeake and Ohio, which has been transporting the coal. Mr. Whittaker could not answer the question, but said he would refer it to the general counsel of his company, and added he would like to have the opinion of the commission on the subject. According to Mr. Whittaker, a representative of the Kanawha Coal Company, a selling organization, came to the Chesapeake and Ohio officials with the statement that the Cincinnati Gas and Electric Company had entered into a contract with the coal company for the delivery of coal and that if the railroad would make a reduced rate it could have the traffic. Owing to the fact that the gas company had a plant adjoining the railroad terminal and another on the river bank making it available, the C. and O. concluded to take the contract and published a reduced tariff for all coal shippers to the company. Commissioner Clements asked Mr. Whittaker why the gas company should get its coal cheaper than any other Cincinnati consumer. The reply was that being located at the terminal no switching was necessary, Mr. Whittaker was questioned about the division of markets between the railroads leading to tidewater, but threw little additional light on the subject. He acknowledged there was an understanding that the C. and O. was not to invade the B. and O. and Pennsylvania territory and visa versa.

Senator Allen and Representative Burton of Delaware called at the White House today with a Masonic delegation to invite the President to attend the meeting of the grand lodge of the State which is to be held at Wilmington on June 7. President Roosevelt said that he could not promise to go as public business would probably demand his presence in Washington at that time.

Mrs. Amelia Fields, of 152 Morris Road, Anacostia, was robbed and beaten in the yard of her home by a negro this morning. According to the report received at police substation. Mrs. Fields assailant was a very tall, black negro, dressed in a brown suit of clothes. He carried a stick, 5 or 6 feet long. He leaped over the fence of the yard, seized Mrs. Fields pocket book, which contained $25, struck her several blows with the stick, and escaped. The police have thus far not been able to find any trace of the robber.

Commissioner of Labor Neill returned today from Scranton, Pennsylvania, where he had a conference with President John Mitchell in regard to the coal situation. Mr. Neill said he went to Scranton to see if there was anything he could do to avoid a strike. There was nothing, said he. He added that the two interests have everything in their own hands and that they must settle the trouble in the next two days, one way or the other.

Consideration of amendments to the railroad rate bill in the Senate under the rule limiting speeches 15 minutes each will begin tomorrow. Each amendment will be pushed to a vote as speedily as possible and it is believed that the final vote on the completed bill may be taken about May 9th. There are exactly 62 amendments now offered and in print, including the three substitute bills suggested by Senators Knox, Culberson and Tillman. Several other amendments will be presented during the course of the debate. Many of those pending will be adopted without much discussion on account of their popularity among members of both political parties. On others, particularly on the court review proposition, the debate is expected to be prolonged.

To the very first line of the first section of the bill Senator Lodge last March offered an amendment making the Interstate Commerce Commission laws apply to "any person or pesons engaged in the transportation of oil or other commodity by means of pipe lines, or partly by pipe lines and partly by railroads, or partly by pipe lines and partly by water." This, of course, is intended especially to bring the operations of the Standard Oil Company under supervision, and it will be the first amendment to be voted upon. That it will be adopted there is little doubt. Senator McCumber proposes an amendment putting all refrigerator, cold storage and other freight cars under the interstate commerce commission laws, and Senator Bailey also proposes to include express companies and sleeping car companies under the term "common carrier."

Senator Platt, of New York, has an amendment expressly excepting street railways from the operation of the proposed law. Another important amendment offered by Senator McCumber provides that after January 1, 1909, railroads shall be required to furnish all freight, refrigerator or cold storage cars necessary on its lines and prohibits the use of private owned cars of this character. Senator Kittridge has amendments putting parlor cars, sleeping cars, private cars and live stock cars under the control of the interstate commerce commission. In the fifth section comes the White House court review amendment offered by Senator Long and it is over this that it is expected the great fight will be waged. It will be seen that before that is reached there is a great deal of work to be done and it can hardly be taken up before next Monday or Tuesday.

President Roosevelt sent a message to Congress recommending the passage of a resolution expressing the gratitude of the United States government to foreign sovereigns and countries for their expressions of sympathy on account of the San Francisco disaster and their offers of relief.

Edward Shorter, alias Edward Hensley, was today held in $5,000 bond for the action of the grand jury in the assault case pending against him in the police court. The specific charge is that Shorter assaulted, and robbed a young white woman by the name of Miss Edele Arctander last Friday while she was sitting in Rock Creek park. The local police arrested him in Anacostia two days ago and, when confronted by his victim, he confessed.

The Senate canal committee has virtually decided in favor of a lock canal at Panama.

News of the Day.

The fifteenth session of the quadrennial conference of the Methodist Episcopal Church, South, met at Birmingham, Ala., today.

Hon. Sydney E. Mudd was renominated for Congress at the Fifth Maryland congressional district republican convention held at Hyattsville, yesterday.

Want is said to rule Zion City, and many are moving to other places. Dowie is reported to be near death and Voliva is said to be distrusted by the people.

The home of Col. John S. Mosby, 1002 L street, Washington, was slightly damaged by fire Tuesday evening about 7:45 o'clock. The blaze was caused by a curtain coming in contact with a gas lamp.

The Iroquois Theater Company, at Chicago, has been adjudicated a bankrupt in Jersey City, N. J., with the result that about $2,000,000 in damage suits resulting from the Iroquois fire are in vain.

Fred L. Jackson, of St. Louis, traded his wife, forty-one years old and the mother of six children for the twenty year old wife of J. M Mosby, a farmer, according to allegations on which Mosby has been arrested.

At 7:15 yesterday evening Tyrone, Pa., was visited by one of the most terrible hailstorms ever know in that section. The sky was practically clear, and without a moment's warning the hail began falling, covering the streets to a depth of several inches. Some of the hailstones were as large as walnuts.

Governor Hoch was renominated yesterday at Topeka, Kansas, by acclamation. When he appeared on the platform to accept the nomination he referred to the polecats of the press and the growlers of society, who used the name of respectable women in order to injure him. The reference was to the recent hugging and kissing episode.

John P. Brosseau, until 10 days ago custodian of Tiffany & Co., jewelers, in New York, was arrested yesterday, charged with the theft of $5,000 from the company's payroll of the repair department. It is charged that he credited some employes with amounts larger than they actually received, keeping the balance himself. Brosseau had been in the employment of Tiffany & Co. for 35 years. The police say he admitted that the had stolen from the firm.

The message which the President will send to Congress tomorrow will be the most sensational he has ever sent to that body. It will be based on the report which Commissioner Garfield, of the Department of Commerce and Labor, has submitted to the President on the operations of the Standard Oil Company. It is said the President will make recommendations regarding the Standard Oil Company and will call Standard Oil Senators by name. Senator Aldrich, father-in-law of J. D Rockefeller, jr., has, it is said, suddenly shifted his position regarding the rate bill vote. His attitude at present is puzzling.

"Unless Turkey quickly withdraws her troops from Tabah Great Britain will take action which will bring the Sultan to his senses," said an official of the foreign office, in London yesterday. Thus far England has shown extreme patence, listening quietly to the contentions of the Turkish ambassador that the district occupied belongs to the Sultan's empire, but insisting that the troops must be withdrawn before the boundary question is discussed. What action is contemplated is known only in inner circles, but probably it will be in the nature of a demonstration by the British Mediterranean fleet at Turkish ports.

San Francisco.

Business in San Francisco is being rapidly resumed by retail tradesmen of every description throughout the destroyed sections of the city.

An investigation yesterday demonstrated that the fear that San Francisco will suffer a period of hard times as an aftermath of the disastrous fire is unfounded. Careful estimates made by authorities, competent to speak, show that within the next year there will be more than $200,000,000 available for the rehabilitation of San Francisco.

In spite of the determination of President Roosevelt not to accept aid for San Francisco from outside of the country, the Mikado's gift of $100,000 has been accepted by the relief committee, and it stands ready to accept other tenders of aid made to the citizens of San Francisco without intervention of the national government.

Coroner Walsh of San Francisco says that when the debris is cleared away there will be at least a thousand additions to the death-roll. This is not believed; however, by many people.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and useless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Virginia News.

Important measures, including the dispensary bill, passed at the last session of the Virginia legislature, are, according to John J. Stuart, of Washington county, unconstitutional.

The Taylor Hotel at Winchester, one of the oldest and most historic landmarks in Virginia, was closed yesterday. Years ago the Taylor Hotel was the leading hostelry in the Valley of Virginia.

The state corporation commission in Richmond yesterday was engaged in hearing the case against the Southern Railway brought by the business men of South Boston, alleging persistent disregard of the demurrage laws pronounced by the commission.

The Danville Military Institute, one of the best known educational institutions in the South, suspended yesterday, two weeks before the close of the regular session. This suspension is due to financial embarrassment, but to what extent the school is involved is not known.

There was a jail delivery at Norton, Wise county, Tuesday night, and of the eight prisoners who made good their escape two had been sentenced to 18 years in the penitentiary for second-degree murder. The other six had been sent up for different terms and all were bad characters.

Several divorce cases are being held up in Norfolk pending the receipt of the official decision of the United States Supreme Court involving the legality of State courts granting divorces on orders of publication, when one of the parties to the suit is a non-resident and actual service of process has not been had.

A bond issue of $30,000 was voted for Tuesday by a majority of the citizens of Leesburg for the purpose of erecting a standpipe and supplying the town with a gravity system of waterworks. The standpipe will be erected on the highest elevation within the corporate limits, and by December 1 the system will be in full operation.

George H. Floyd, 23 years old, and Miss Edna Davis, 15 years old, an eloping couple from Alto, Amherst county, who went to Washington Tuesday to get married, but were prevented by the arrival of a telegram from the girl's father asking that his daughter be detained by the police until he could send for her, returned to their home yesterday.

The investigation of the Eastern State Hospital by the committee from the legislature, while short in point of time yesterday, was not lacking in interest and in sensations of a startling character. It was brought out in evidence that the Montague building, containing three wards for men, had been so improperly kept and cleaned that its entire three stories were simply alive with vermin. Many sensations were sprung at the hearing. Witnesses were subjected to the most rigid examination and were forced to make disclosures, much of which is unfit to print. Politics, it is said, had much to do with it.

Says Cadets' Food was Poor.

The investigation of the legislative committee which is, at the Virginia Military Institute, trying to find out something of the causes that led to the expulsion of certain cadets from the institute last fall is being prosecuted with vigor.

Dr. C. V. Carrington, of Richmond, who last fall had a newspaper controversy with the president of the board, Alexander Hamilton, concerning the food conditions, testified yesterday. Dr. Carrington reaffirmed his statement that on an examination he had found the food badly prepared and in poor quality.

Mr. William T. Shields, of Lexington, member of the board of visitors, testified that the food was of good quality, but poor equipment in preparation accounted for the complaints.

Captain Gilmore, the commissary, stated that good, fresh food was procured, but insufficient kitchen facilities caused poor preparation. Mr. Hamilton was on the stand last night for several hours and stated that in his judgment the commissary was inefficient. A number of cadets will be called at the session tonight.

Storm at Newport News

A violent windstorm, preceded by a vivid electrical display and accompanied by a heavy fall of rain and hail, did considerable damage in Norfolk, yesterday afternoon about 5 o'clock. Roofs were torn off half a dozen houses, scores of trees were torn up by the roots, windows were smashed, the telegraph and telephone systems were deranged and many buildings under construction were more or less damaged. The blow lasted about five minutes, and 10 minutes after the first peal of thunder the sky was as blue and the air as balmy as on a perfect midsummer day. Had the storm continued a few minutes longer probably half of the vessels in the harbor would have been beached. Nearly all of the ships dragged their anchor during the five minutes. Reports from the country say that the orchards fared badly and that the truckers will loose heavily. The storm came from the northwest, sweeping across the river from the direction of Pegan creek. Several men were slightly injured at the shipyard by being blown off scaffolding upon which they were at work.

Site Selected.

Colonel Thomas W. Smith, of Fauquier, is in the city today to consult the commission having charge of designation of site for the monument to his distinguished father, Governor William Smith.

The commission selected the spot north of the Jackson monument and on a line with the monument and that of Dr. Hunter McGuire, as the point on which to locate the monument to Governor Smith. It has usual elevation, with walk-way around, stone base and pedestal, and has a commanding position. It is just to the north and east of the Washington monument.

The statue is already here but will not be viewed by the public till it has been placed on the pedestal and has been unveiled. These ceremonies will occur May 30, shortly before the Memorial Day services at Hollywood.

Judge James Keith will present the monument to the State, and the acceptance will be made by Governor Swanson. —[Richmond News-Leader.

Today's Telegraphic News

The Impending Strike.

Scranton, Pa., May 3.—The tri-district convention of anthracite miners met here this morning for their first session, and while today was given over to nothing more than the mere formalities of organization, the public will know by the end of the week whether there is to be peace or war in the hard coal fields. The convention will probably be in session three days in order that the six hundred delegates may have full opportunity to express themselves on the issues.

President Mitchell opened the convention without an address and he said today that it was doubtful if he would make an extended speech at the time during the deliberations. Adjournment was then taken until 1:30 o'clock this afternoon in order that the credentials committee might go over the credentials presented.

The present fight of the miners for better conditions is to be carried into politics. Mitchell has given his sanction to the plan whereby influential union leaders will become candidates for representatives and Senators in the State legislature. It is not planned that the union form a distinct political organization, but to seek the nomination of one of the big parties and in the legislature fight the battles for better working conditions at the mines. National board members Myles Dougherty of District No 9, has come out as a candidate for Representative of Northumberland county on the democratic ticket. John Fallow, of Wilkes-Barre, another national board member, has political aspirations, and President Mitchell has told him to go ahead. Other leaders, it is expected, will soon announce themselves as candidates for seats in the State legislature.

An operator, whose name is withheld, within the week had a talk with E B. Thomas, President of the Lehigh Valley, and outlined to him in frank language what might be expected in the event of a strike. The operator expressed the same opinion given this morning: "There is no use denying it that the miners, if a strike is called, will make such a determined and strong fight that the great American public will step in and force both sides to get together. Our side seems to fail to realize the present socialistic trend of public opinion. It will be a bloody strike and a long one. Talk of running the mines during the strike is out of the question. We cannot get men enough under general conditions, much less than during strike time. Fears of violence will keep many weak men in the union at home, while many men now working under the suspension order will quit when the strike order comes. It is all very well for us to talk of protecting the miner. In a sense that is true, when he lives behind the stockade at the colliery, but how are we to protect his wife and family at home from social boycott and ostracism. If there is to be a war, it will be a long one, and when the public finds, as it did in the last strike, that it is being pinched, it will step in and force a settlement that may not be to the liking of either side. Somehow I feel that Mitchell won't permit a strike."

Mr. Mitchell gives no indication whether he is for peace or war, simply saying it is a question for the delegates to determine.

Witte's Downfall.

St. Petersburg, May 3.—Following the resignation of Count Witte as Premier and the appointment of M Goremykin as his successor, the announcement is made today that M. Stolypin will be Minister of the Interior, and M. Schegelevuoff will be Minister of Justice in the new government. The downfall of Premier Witte and the elevation of M. Goremykin to be the head of the government is the sole topic of discussion in official and other quarters, not only in St. Petersburg, but through the empire. The change is acceptable to the liberals, who declare there is a stronger possibility of securing reforms in Russia, with Count Witte's advice no longer heeded by the Czar. M. Goremykin's selection for the place is due to the government's recognition of the vital necessity for agrarian reforms. Premier Goremykin is the greatest agrarian expert, and he will devote a considerable portion of his time in devising means for peaceably settling the unrest among the peasants, which Premier Witte had been unable to do. Count Witte reached the summit of his usefulness as Premier, when he negotiated the recent loan which temporarily ended Russia's financial troubles. Premier Goremykin will now seek to restore the loyalty of the peasants to the government which Witte alienated by permitting a policy of blood and iron repression.

Held in $50,000 Bonds.

Chicago May 3.—John R. Walsh, lately President of the Chicago National Bank, and the Home Savings Bank, both of which institutions were closed by State and government authorities last November, was held to the Federal grand jury this morning in bonds of $50,000 by United States Commissioner Foote, upon charge of misappropriation of funds in several banks and violations of national banking laws. Walsh appeared by attorney.

Two Thousand Laborers Strike.

Newburgh, N. Y., May 3.—Two thousand brick yard laborers employed on the Fishkill Landing works along the Hudson went on strike early this morning. The men strike for increased wages on account of the high prices prevailing in the brick material. The men marched along the railroad tracks visiting the different yards and adding to their number as they passed each yard. The bosses will have a conference tonight.

Letter to D Harry Appich

Alexandria, Virginia.

Dear Sir: County Commissioner E W Fassett had his house, 322 W 8th street, Erie, Pa, painted Devoe in August 1901.

In March 1902, he had three others to paint and thought our price too high. Bought a "just as good" for one house; the others he painted Devoe. Said he'd find-out by experience.

Guess he did, for he's used Devoe several times since; he's got the habit.

The queer of it is that people should grudge the cost of good paint, when it's worth about 50 times the difference.

Good is cheap, whatever the price; and bad is dear, at no price at all; it costs too much to put on.

Devoe is a good paint; good paint is Devoe. There is no other Devoe; there is no other good paint. Yours truly.

Astor-Shaw Marriage.

London, May 3.—The marriage of William Waldorf Astor, jr., and Mrs. Nancie Langhorne Shaw, of Richmond, Va., was solemnized in All Souls' Church, Langham Place, this afternoon. Only the immediate relatives of the contracting parties were present. William Waldorf Astor, sr., father of the groom, was unable to attend because of a bad attack of gout.

Neither the father of the bride nor the father of the groom was present. It was said that their absence was due to the fact that they were both ill with gout.

The bride wore a gown of white silver chiffon, with embossed roses on the bodice. It was made in Paris and especially for the wedding. She carried a bunch of white lilies and a Book of Common Prayer bound in white. Her coiffure was ornamented with a tiara of laurel leaves and lace.

The bride was given away by Charles Dana Gibson, her brother-in-law, and Jacob Astor, brother of the groom, was best man. Mr. and Mrs. Astor will spend their honeymoon at Ford Manor, Surrey, tendered them by Captain Spender Clay.

All preparations had been made for the marriage of Mr. Astor and Mrs. Shaw on Saturday, April 11, but the decision of the United States Supreme Court upset all arrangements and the wedding was indefinitely postponed. Eminent legal talent was then engaged and all the proceedings regarding the divorce which Mrs. Shaw obtained from her husband, Robert G. Shaw, of Boston, was examined closely to discover if there was a flaw of any kind. Every step was found to be correct, and that the decree was in no way affected by the decision of the United States Supreme Court. When this finding was communicated to the interested parties, preparations for the wedding were again made and the marriage was solemnized today.

Rumored Attempt to Bribe.

Boston, May 3.—Representative Simon Swigg, of Taunton, was the sensation yesterday when at the State House the story flew that he had approached by a that a lobbyist Swigg $100 if anti-bucket sho denied the re advertisement a signed by Thon a reward of $5,000 to the first person who up to, and including Saturday, May 5, furnishes him with evidence which will convict a principal, or a member of the present Massachusetts legislature, of giving or receiving a bribe to vote against the bucket shop bill. Mr. Lawson states that "it is common knowledge that of over 70 members of the Massachusetts legislature have been bribed with money to vote against the bucket shop bill, that over $75,000 has been paid in bribes.

Unfounded Rumor.

London, May 3.—Rumors gained currency in this city this morning that King Edward, who has been present at the Olympic games at Athens, Greece and bee can side Et king re

Baron von Buelow, the Chancellor is celebrating today the 57th anniversary of his birth. In honor of the occasion, the Kaiser visited the Chancellor, the first time since the latter was stricken with paralysis in the Chamber of Deputies. Prince von Buelow is still incapacitated and is unable to work or travel and cannot resume control of affairs until October next, if ever.

New Reciprocity Treaty.

Birmingham, Eng., May 3.—The Post says today that the particulars of the new reciprocity treaty between America and Cuba have reached the British Foreign Office. The reduction of duty on American articles is considered as constituting an undue preference not in accordance with the spirit of the treaty regulations between England and Cuba, but a compromise is speedily expected.

Atlantic Fleet.

New York, May 3.—The first division of the first squadron of the Atlantic fleet, consisting of the battleships Maine, Missouri, Kentucky and Kearsarge, Rear Admiral Robley D. Evans, commander in chief of the fleet, arrived here today from Hampton Roads. Tonight or tomorrow, the second division, consisting of the battleship Alabama, Illinois Indiana, and Iowa, Rear Admiral Charles H. Davis, commanding, is expected to arrive here from Hampton Roads. All of these took part in the final funeral ceremonies connected with the burial of John Paul Jones America's first Admiral, at Annapolis Md. These eight warships will join the fourth division, the West Virginia Pennsylvania, Colorado, and Maryland, now anchored off the Palisades, under command of Rear Admiral Willard H. Brownson.

New York Stock Market.

New York, May 3.—The stock market ruled extremely feverish and irregular all through the first hour. At the opening and for a short period in the early trading there was a continuation of the strong tone that developed late yesterday afternoon, but on the higher priced levels long stock was freely offered and room traders, noting this supply, made concerted raids. This made the market for a time appear decidedly weak. A new selling wave seemed to be in progress when Holley, Learned & Co. again appeared as buyers and took enough stocks to absorb all the offers at the low range and start a sharp and material rally. There are many indications from the market movements today that the situation is held in absolute control now by interests usually identified with the bull side, and that a large part of the sudden break has been manipulated, anticipating the accumulation of large amounts of low priced stocks.

DIED.

On Tuesday, May 1, 1906, at 11:45 p. m., HENRY C. FIELD, in the 76th year of his age. Funeral from his late residence, No. 120 south Lee street, Sunday, May 6th, at 3 p. m.

Fifty-ninth Congress.

Washington, May 3.

SENATE.

The Senate galleries were crowded early today in expectation of hearing Senator Tillman denounce the Metropolitan police of this city for their connection with the sensational ejection from the White House, in January, of Mrs. Minor Morris, wife of a prominent local physician. Owing to the general debate on the railway rate question closing today, in accordance with a previous agreement, Mr. Tillman asked that the resolution, asking for an investigation of the police, go over until it suited his convenience to discuss it. It was so ordered. Mr. Nelson, of Minnesota, then took the floor to elaborate upon his contention that Congress had not the power to prohibit the inferior federal courts from setting aside the commission's rate by temporary injunction.

Mr. Tillman followed the Senator from Minnesota. He averted to his recent declaration that the people distrusted the courts and to substantiate this presented the record of "Misdeeds and mistakes," of certain judges. He paid high tribute to the U. S. Supreme Court and declared that great and good judges were not confined to any section of the country, "but," he said, "the South has unfortunately had a greater percentage of those of the judiciary who have been guilty of very questionable and discreditable acts." He advocated the placing of restrictions upon the courts, "to prevent interminable delays, and denials of justice.

"They say the attempt to restrict the powers of the courts would prove unconstitutional," he exclaimed. "Let's try it on and give the people the benefit of the doubt." He read a newspaper statement of "an incoherent speech" alleged to have been made at an Iowa banquet by Judge Smith McPherson.

Mr. Carter (Montana) warmly defended Judge McPherson. "He merely behaved like a good fellow and showed that he is human." [illegible] injunction. Does the Senator maintain that he would have been the proper person to pass upon it?"

Mr. Dolliver declared that Judge McPherson had recently refused to follow the attitude taken by Judge Humphreys in the beef trust cases, much to the discomfiture of certain corporations.

"I'll now deal with another friend of the President," Senator Tillman resumed, "this time a real friend and one whose opinion he has recently cited with unction and approval.

He then read reports from Kansas City papers of Judge Phillips, of Missouri; Judge McPherson, of Iowa; and Judge Pollock, of Kansas, going upon a junket with the [illegible] ...ssion, many proceeded to make his attitude more emphatic by demanding that, at all times, a quorum shall attend the sessions of the House.

First he objected to a request for unanimous consent by Mr. Littlefield, for the consideration of a resolution to investigate the expenditures of the Agriculture Department. Next, when Mr. Foss, moved that the House go into committee of the whole to consider the naval appropriation bill, he demanded a division, which showed an attendance of 115 members, not a quorum. He suggested the absence of a quorum and a roll call was immediately ordered by Speaker Cannon.

Mrs. Dowie Flees at Midnight.

Zion City was speculating yesterday as to the reasons for the flight from Shiloh House at midnight Tuesday night of Mrs. Dowie. She was seen rushing out of the house in a highly nervous condition, weeping and with her hair disbevelled. She ran across the lawn to the residence of Deacon Ely, the nearest house, where she was taken in and where she passed the remainder of the night. The incident caused a great stir, but details are suppressed. The theory finding the most support is that she heard a strange voice in Dowie's room, was denied admission and ran out of the house after a struggle with Dowie's body-guard, the gigantic negro.

Lightning Cuts Ring in Two.

Stroudsburg, Pa., May 2.—The family of Samuel Kresge, of Reeders, had a most thrilling experience during an electrical storm yesterday. A bolt struck the house and falling plaster awoke the family, seven in number. A young daughter was rendered unconscious for an hour. On one finger of her hand she wore a ring, and with it the lightning had done a most unusual thing. The ring had been cut in two pieces by the severity of the bolt, and the pieces were found on the pillow alongside the girl. She will recover.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.

PROPOSALS.—Proposals will be received at the office of the City Engineer until noon TUESDAY, May 15th, for the purchase and delivery of vitrified brick, granite curb, Portland cement, sand, gravel and tar; and for the labor of grading, concreting and laying vitrified brick and grouting same, and for hauling and setting curb on Lee street from King street to Prince street.

The committee on streets reserve the right to reject any and all bids and to extend the time for receiving same.

Specifications and particulars can be had at office of City Engineer.

Knights of Pythias.

There is now but one Pythian Lodge in Alexandria, Oriental, No. 6, Mechanics' Lodge having been merged into the former. At the meeting of Oriental Lodge Tuesday night cards were received from members of Mechanics' Lodge, the charter of the latter having been surrendered. The order of the Knights of Pythias was introduced into Alexandria shortly after the birth of the organization. Mechanics' Lodge No. 3, was formed in 1868 in what was then known as Phœnix Hall, northwest corner of King and Royal streets. Within a few months time the lodge had become one of the most flourishing in the city. Later Oriental Lodge was formed in the hall northwest corner of King and St. Asaph streets. This lodge also flourished. Years afterward what was known as Alexandria Lodge was formed, but it has long since ceased to exist.

The meeting Tuesday night was one of the most interesting and instructive in Pythian affairs that has been held for some time. It was presided over by Past Supreme Representative Geo. L. Simpson. Under good of the order speeches were made by Past Grand Prelate W. H. May, Past Chancellor S. L. Monroe, Past Grand Representative E. R. Boyer and Past Chancellor M. R. Norris, who was recently presented with a veteran's jewel; also by P. C., R. N. Rowland, one of the oldest members of the order. With the combined member-

cases of

which she will return to the Potomac for service. The steamer Queen Anne, which will run excursions on the Potomac during the coming summer, was lowered from the dock, and, after being painted throughout, will leave for Washington.

The competitive steamer service between Norfolk and Washington will, it is again reported, be inaugurated this summer. Terminals have been leased from the Anheuser-Busch Brewing Association, which owns much waterfront property in Norfolk, and the steamers to be placed in service on the Potomac and Chesapeake are now on their way to Norfolk from the great lakes.

The sloop Lily F. Evans, which was

Captain J. F. Cason of the steamer Washington of the Norfolk and Washington line, is ill of pneumonia. Captain W. A. Geoghegan has temporary charge of the Washington.

Investigating the Police.

The Board of Police Commissioners were in session again in the Mayor's office last night when the work of examining into the efficiency of the police force, as well as charges against certain members, was continued. Mayor Paff presided and all the commissioners were present. The proceedings were conducted in executive session.

Lieutenant Smith and Officers Lyles, Nicholson and Beach were summoned before the board and questioned substantially as was Chief Webster and Officers Jones, Bell and Henderson on the preceding night. The interrogations were in reference to allegations that certain officers had been guilty of dereliction of duty in visiting stables, engine houses and other places in the night instead of patroling their beats, according to the rules governing the force.

The board will meet nightly until all members of the force have been examined, after which formal charges against certain members will be prepared and the accused given an opportunity to defend themselves. It is said that a majority of the members of the force are involved.

Turtles.

Loggerhead or snapping turtles are now in season, and numbers are being captured and brought to this city where they are slaughtered to form the basis for soups. About this time of the year these chelonians crawl out of the marshes where they have been hibernating for the purpose of depositing their eggs. It is while carrying out this purpose of nature that they are caught, thrown on their backs and "bridled." They are often intercepted before they lay the eggs, which form one of the ingredients of the soups. An Alexandrian reports that he caught thirty-two snappers a night or two ago.

The Fishery.

The local fishermen report herring as plentiful in this neighborhood, although comparatively few are being caught at the shores down the Potomac. Shad are also more plentiful in the upper river. Prices, however, vary but little, and those offered in market this morning were held at former quotations. Fishtown is about on its last legs, and indications show that before many years it will vanish as has the Alexandria watermelon and oyster docks. The bulk of the fish caught are now packed on the shores.

Memorial Services.

As has been stated in the Gazette, Alexandria Aerie, No. 871, Fraternal Order of Eagles, will hold their second memorial service at the lodge room in the Alexandria National Bank building next Sunday afternoon, May 6, at 4 o'clock. Messrs. U. F. Harvey and Rossa F. Downing will be the speakers on the occasion. A musical programme will be one of the interesting features of the services.

Donations.

Trinity Methodist Episcopal Church has forwarded through the First National Bank $70.75 to the San Francisco sufferers.

Death of Miss Myra Civalier.

The sad intelligence was received in this city today of the death at Dr. Frey's Hospital in Washington at 10:40 o'clock this morning of Miss Myra Lee Civalier, daughter of Mrs. Myra L. Civalier, of this city, and granddaughter of the late Col. Richard Bland Lee. Miss Myra, or "Little Sister," was she was affectionately known by her many friends throughout this city, had been in delicate health for some time and several months ago went to the hospital for treatment. At first it was thought that she would soon recover, but complications ensued and she gradually declined until death came this morning. She was a young lady of many virtues and was universally beloved by all who knew her. She had appeared often on the amateur stage in behalf of charitable objects and possessed no little histrionic and musical talent. Her mother has the sincere sympathy of the entire community in this, her loss.

School Examination.

The examinations of public school teachers was begun today at Peabody building, Superintendent Kemper in charge, assisted by Col. T. H. Ficklin, principal of Washington school. Only five applicants presented themselves—3 white and 2 colored. None of the teachers now employed by the school board appeared to take the examination. Those applying were: White, Ethel Peake, May Garnett and Catharine Dufley. Colored, Lawrence Arnold and Alice M. Solomon. The examinations will continue through Saturday.

Girls' Friendly.

Mrs. Henrietta Irving Bolton, diocesan president of the Girls' Friendly Society of Washington, gave an exceedingly interesting talk last evening to the G. F. S. Branch at Christ Church, which was greatly enjoyed by the members and their guests. This society is the largest organization of women in the world, and extends into nearly every country. To wear the G. F. S. badge indicates purity

her marriage. Rev. Mr. Mower was known widely through his church relations in Alabama, Georgia, Kentucky and Virginia. Mrs. Mower's friends are scattered through these States. The interment will be in Ivy Hill cemetery near this city.

Baseball.

Woodberry Forest won their fifth straight game in Orange yesterday afternoon by defeating the Episcopal High School, of Alexandria, by a score of 10 to 5. Woodberry was blanked in the first, but piled up eight runs in the second as the result of four hits coupled with some ragged playing on the part of the visitors.

TELEGRAPHIC BREVITIES.

The Board of Review of the National Trotting Association in New York this morning dismissed the charges brought by the Memphis Trotting Association against E. E. Smathers. It was alleged that Smathers tampered with the trotter Lou Dillon, previous to the race with Major Delmar. Counsel for the prosecution was not present when the decision was announced.

Mrs Marie Havemeyer Tiffany, the former wife of Perry Tiffany, and Henry Fletcher Godfrey were married in St. James' Church, London, this afternoon. The wedding was quiet, only five persons being present at the ceremony. Mr and Mrs. Godfrey are well known in New York social circles.

Hudson Darling, a well known resident of Fitchburg, Mass., wants a divorce after one day of married life. In his libel filed here he alleges his wife Sarah, whom he married June 27, 1902, deserted him June 29 without reason. He believed she is in Salem, Mass.

The laundry branch of the main general hospital at the Presidio hospital in San Francisco took fire this morning and was destroyed. The flames were extinguished before they reached the main building in which there were about 1,000 patients.

Captain Page's State troopers entered Mount Carmel, Pa., again early this morning, but were received with more friendliness than heretofore. No arrests have been made and no further trouble is looked for.

A bomb which was carried by two Russians in Vincennes Wood, near Paris, exploded today. One of the Russian was killed instantly and the other is seriously injured.

A London news agency report states that Mohammed-Reshad Effendi, brother of the Sultan of Turkey and heir-apparent to the Turkish throne, is dead.

The government tug Mina was rammed yesterday by the submarine torpedo boat Porpoise, during maneuvers in Coddington Cove, R. I., and the tug was forced to run full speed for the shore to escape sinking. The Porpoise was not injured.

THURSDAY EVENING, MAY 3, 1906.

Storms in Texas.

A tornado swept over Wise, Denton, and Grayson counties, Texas, yesterday afternoon, doing great damage to crops and other properties. Three persons are known to have been killed, and probably three others. At the village of Cowen one house was destroyed, and Mrs. Parks was killed. Two other occupants of the house were so badly injured that they may die. At Stoney, in Dent n county, the house of Joseph Foster was blown down and the ruins took fire. Mrs. Foster and the children crawled out of the ruins safely, but Mr. Foster was pinned down by timbers and before rescuers could get him out he was so badly burned that he died last night. At Carsonville, near Denison, Bert Gordon, who was crossing a field with a gun on his shoulder, was struck by lightning and killed. Extremely heavy rains, destructive winds, and lightning have caused serious washouts on the railroads and much damage in northern Texas. At Denison for forty-eight hours rain has fallen aggregating 5¼ inches. On the 'Frisco system between Denison and Red river, a section of track sunk several inches and trains had to be detoured. Similar conditions exist on the Missouri, Kansas and Texas between Denison and Greenville and Denison and Whitesboro, with several washouts reported.

The Denison yards of the Missouri, Kansas and Texas Railway were flooded. At McKinney and vicinity wind and rain in volume destroyed a number of farm houses and injured several people. The storm swept a clean path from Blue Ridge northeast for eight miles, its track being 200 to 400 yards wide. Dallas and vicinity received a hard rain, flooding basements and underground warehouses of business firms. In the vicinity of Bailey, in Fannin county, twelve houses were blown down. At Sherman a Methodist church was blown down, and at Brownwood several houses were partly wrecked.

Huntington and Mansfield, Ark., were damaged by a violent wind and rain storm Tuesday night. Telegraph wires were blown down, cutting off communication. The streets of Huntington were flooded to a depth of two feet. Houses were unroofed, and a number of buildings demolished.

At Mansfield, three miles from Huntington, large tracts of timber were leveled, and fences for miles destroyed. The warehouse of the A. T. Booth wholesale grocery company was destroyed, and the St. Louis and San Francisco bridge was twisted out of line.

A torpid, inactive liver can produce more bodily ill than almost anything else. It is good to clean the system out occassionally. DeWitt's Little Early Risers. Reliable, effective, pleasant pills with a reputation. Never gripe. W. F. Creighton & Co., 401 King St.

Kicked Baby to Death.

While under the influence of liquor, Gustav Meyers, a laborer of Baltimore, according to the police, kicked and beat his ten-months-old child so severely early yesterday morning that the infant died. The father was arrested. According to witnesses, Meyers, who had been drinking heavily, rose about 5 o'clock yesterday morning, and, after dressing himself, awoke his common-law wife, Margaret Snyder, and ordered her to get him a drink of whisky. The woman refused and a quarrel ensued. During the war of words it is said Meyers jumped up and began to kick the woman, who remained prostrate all the while, holding her small baby in her arms to protect it. After Meyers' rage had subsided and he had left the room to get his drink the woman turned to her baby to see if it had been injured. The little one was still alive, but a few minutes later it gasped several times and died.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by E. S. Leadbeater & Sons' drug store. Price 50c.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Gibson & Timberman and W. F Creighton & Co.

JEWELRY.

YES,

We Probably Have It.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.

COMMISSIONERS' SALE OF VALUABLE REAL ESTATE IN THE CITY OF ALEXANDRIA, VIRGINIA.

By virtue of a decree of the Corporation Court of the city of Alexandria, Va., rendered on the 12th day of March, 1906, in the chancery cause therein depending under the style of Mary C. S. Burch vs. Ella Rose Smoot and others, the undersigned, the Special Commissioners therein named, will offer for sale at public auction on

SATURDAY,

the 19th day of May, 1906,

at 10 o'clock a. m., at the front door of the Royal street entrance to the Market building, in the city of Alexandria, Virginia, the following described several parcels of real estate, situate in the said city of Alexandria, Va., to-wit:

1. Beginning on the east side of Lee street at the northwest corner of the brick dwelling house now known and designated as No. 119 north Lee street forty-four (44) feet, more or less, south of the intersection of Lee and Cameron streets; thence south on Lee street twenty-one (21) feet nine (9) inches; thence east parallel to King street one hundred (100) feet; thence north parallel to Lee street twenty-one (21) feet nine (9) inches, and thence west parallel to King street one hundred (100) feet to the place of beginning. This lot is improved by a substantial two-story brick dwelling house.

2. Beginning on the east side of Lee street at the southwest corner of the brick dwelling known as 119 north Lee street and sixty five (65) feet nine (9) inches more or less south of the intersection of Lee and Cameron streets; thence south on Lee street one hundred and ten (110) feet eleven and one-half (11½) inches, more or less, to the line formerly C. F. Whiting's line; thence east parallel to King street to Union street; thence north on Union street one hundred and thirty-two (132) feet eight and one-half (8½) inches; thence west parallel to King street two hundred (200) feet; thence south parallel to Lee street twenty-one (21) feet nine (9) inches, and thence west parallel to King street one hundred (100) feet to the place of beginning. And together with the sash, door and blind factory and planing mill thereon, and engine, boiler, machinery, machines, belting, implements and tools therein and thereon, used in connection with operating the said sash, door and blind factory and planing mill, except such thereof as is the property of Henry K. Field & Co.

This lot together with lots Nos. 3, 4, 5 and 6 has been used and employed as a lumber yard for many years formerly by Josiah H. D. Smoot, the then owner thereof; afterwards by Mrs. Frances P. Smoot, and now in the occupancy of Henry K. Field & Company, who are conducting a business of that character there.

3. Beginning on Union street forty-four (44) feet to the south of Cameron street on the east side of Union street; thence south on Union street eighty-eight (88) feet seven (7) inches, more or less; thence parallel with King street into the Potomac river; thence north parallel with Union street eighty-eight (88) feet seven (7) inches, more or less; thence west parallel with Cameron street to the beginning. Together with all water rights and privileges, and all other rights, privileges, appurtenances and easements to said lot of ground belonging or in anywise appertaining.

This lot has on it an office and counting room and has in connection with lots Nos. 2, 4, 5 and 6 been used for the conduct of a lumber business for many years.

4. Beginning on the west side of Union street at a point twenty-two (22) feet north of Fayette Alley and running thence north on Union street forty-three (43) feet seven (7) inches, more or less, to what was Carlyle's line; thence west parallel to Fayette Alley sixty (60) feet; thence south and parallel to Union street forty-three (43) feet seven (7) inches, more or less, and thence easterly sixty (60) feet to the beginning.

This lot in conjunction with Nos. 2, 3, 5 and 6 has been used as a part of the lumber yard hereinbefore referred to.

5. Beginning at the distance of sixty (60) feet from the intersection of Fayette Alley and Union street, running westwardly on the said alley forty eight (48) feet; thence northwardly and parallel with Union street sixty-five (65) feet, seven (7) inches, more or less, to the line formerly Carlyle F. Whiting's; thence eastwardly parallel with the said alley forty-eight (48) feet; thence southwardly parallel to Union street sixty-five (65) feet seven (7) inches, more or less, from the line of said Carlyle F. Whiting to the beginning.

This lot is improved by a brick stable and warehouse and in connection with lots Nos. 2, 3, 4 and 6, has been used and employed as a lumber yard as hereinbefore stated.

6. Beginning on the north side of Fayette Alley thirty (30) feet wide at the distance of one hundred and eight (108) feet westerly of Union street, and at the west line of lot No. 4, and running westerly with said alley twelve (12) feet, more or less, to the line formerly Cazenove's; thence northerly parallel to Union street sixty-five (65) feet seven (7) inches, more or less, to the line of Whiting; thence easterly, parallel to King street, the length of the first line; thence southerly with a straight line to the beginning.

This lot together with Nos. 2, 3, 4 and 5 has been used as a lumber yard, as hereinbefore stated, for many years.

7. A lot of ground on the south side of Duke street, between Pitt and St. Asaph streets, described as follows: Beginning at a point on the south side of Duke street sixty (60) feet west of Pitt street, and running thence east on Duke street thirty (30) feet; thence south parallel to Pitt street ninety-five (95) feet to an alley; thence west with said alley thirty (30) feet, and thence north with a straight line ninety-five (95) feet to the beginning. Being the same property which was conveyed to George H. Smoot by Albert Stuart and George William Brent, Commissioners, by deed dated December 1, 1868, recorded amongst the land records of Alexandria county, Virginia, in Liber Z, No. 3, folio 64.

This lot is improved by a brick dwelling house containing twelve rooms and now known and designated as 502 Duke street.

8. Beginning on the north side of Prince street one hundred and three (103) feet to the eastward of Washington street and running northerly parallel to Washington street one hundred (100) feet to an alley ten (10) feet wide; thence westerly parallel to Prince street and with the line of said alley thirty-five (35) feet; thence southerly parallel to Washington street to Prince street; thence easterly with Prince street to the beginning, with the right of way over the said alley and all other rights and appurtenances to the said lot of ground belonging. Being the same property which was conveyed to George H. Smoot by C. C. Berry and wife, by deed dated May 23, 1859, recorded amongst the land records of Alexandria county, Va., in Liber T, No. 3, folio 607.

This lot is improved by a large brick dwelling containing eighteen rooms, with gas, water and sewer connections and equipped with heaters and range. Situate in one of the most desirable localities in the city, it possesses many attractions as a home. For many years it was occupied by the late Josiah H. D. Smoot as his mansion and after his death it was continued in such use by his widow and family.

9. HOUSE AND LOT, now known and designated as No. 205 Wilkes street, situate on the north side of Wilkes street, between Fairfax and Lee streets. Lot thirteen (13) feet, more or less, in width by fifty (50) feet, more or less, in depth. Improved by frame dwelling house.

10. HOUSE AND LOT, now known and designated as No. 207 Wilkes street, situate on the north side of Wilkes street, between Fairfax and Lee streets. Lot thirteen (13) feet, more or less, in width by fifty (50) feet, more or less, in depth. Improved by frame dwelling house.

11. LOT OF GROUND with brick warehouse thereon, now known and designated as No. 109 north Union street, situate on the east side of Union street, between King and Cameron streets, twenty-two (22) feet one and three-quarter (1¾) inches in front on Union street, and extending eastwardly that width into the Potomac river, together with all appurtenances thereunto belonging or in any wise appertaining.

12. LOT OF GROUND with brick warehouse thereon, now known and designated as No. 111 north Union street, situate on the east side of Union street, between King and Cameron streets, twenty-two (22) feet one and three-quarter (1¾) inches in front on Union street, and extending eastwardly that width into the Potomac river, together with all appurtenances thereunto belonging or in any wise appertaining.

13 HOUSE AND LOT at northwest intersection of Cameron and Lee streets, now known and designated as No. 201 Cameron street. Lot thirteen (13) feet, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a frame dwelling house.

14. HOUSE AND LOT on north side of Cameron street, between Fairfax and Lee streets, now known and designated as No. 201½ Cameron street. Lot twelve (12) feet nine (9) inches, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a frame dwelling house, with the right to use in common with the owner of the lot adjoining on the west, now known and designated as No. 203 Cameron street; an alley two (2) feet four (4) inches wide between said lots.

15. HOUSE AND LOT on north side of Cameron street, between Fairfax and Lee streets, now known and designated as No. 203 Cameron street. Lot twenty-two (22) feet two (2) inches, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a substantial brick dwelling house, with the right to use in common with the owner of the lot adjoining on the east, now known and designated as No. 201½ Cameron street, an alley two (2) feet four (4) inches wide between said lots.

16. HOUSE AND LOT on north side of Cameron street, between Fairfax and Lee streets, now designated and known as No. 205 Cameron street. Lot twenty (20) feet, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a frame dwelling house.

17. HOUSE AND LOT on north side of Cameron street, between Fairfax and Lee streets, now designated and known as No. 207 Cameron street. Lot twenty (20) feet, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a frame dwelling house.

Lots Nos. 2, 3, 4, 5 and 6 will be first offered as a whole and then separately.

Terms of Sale: Cash as to one-third of the purchase money and the balance in two equal installments at six and twelve months respectively, the deferred payments to be evidenced by the negotiable notes of the purchasers, bearing interest at the rate of six per centum per annum from the day of sale. The title to the property to be retained until the further order of the court, and all conveyancing to be at the cost of the purchasers.
